## Certificate of Appreciation

Presented to

Sailesh Sanghvi

Date 8th July, 2024

### In recognition of

Your profound artistic expression and captivating collage work. Sailesh's artistic journey began as a multifaceted exploration, a search for a unique perspective on life.

He has transcended mere visual appeal, crafting artwork that invites viewers into a conversation. Through his work, Sailesh compels us to reflect on our own lives and the depths of human potential. Sailesh has chosen a singular medium - collage - that embodies the fragmented yet interconnected nature of the modern world. This choice allows freedom of expression while demanding a meticulous discipline to create order from distinct pieces.

His large-scale artworks showcase immense patience and a keen eye for aesthetics. Layered pieces build upon each other, creating rich tapestries with diverse figures and untold narratives. Sailesh's meticulous process elevates canvas collage to an art form unlike any other. Each artwork emerges as a breathtaking mosaic, painstakingly constructed over months. These works are universes crafted not with brushstrokes, but with countless fragments, meticulously chosen and imbued with purpose.

The intricate detail within his collages fosters a captivating depth unseen in traditional art. Each tiny piece becomes a building block, a contribution to the captivating narratives woven within the larger work. This intricate process results in a richness that is a testament to Sailesh's patience, precision, and the power to transform fragments into unified and captivating art.

**Therefore**, I as Director General of Bihar Museum, Patna, do hereby present this Certificate of Appreciation to Sailesh as a token of our sincere appreciation.

(Anjani Kumar Singh)
